

## Ouzo drink with honey, mint and lemon

### Recipe

2 ½ ounces ouzo

1 ½ ounces lemon juice, more if desired

3 mint leaves

1 teaspoon honey

3 ounces water, iced, more or less to preference

Gather the ingredients.

Pour ouzo into a glass.

Add lemon juice and mint leaves, and muddle to release the flavours from the mint leaves.

Add honey and mix until it dissolves.

Pour water into the glass and mix. If needed, add more water to dilute the ouzo taste.

Serve and enjoy with a slice of lemon for garnish, if desired.
